Mr. Stuart Harris, Director  
 Department of Science and Engineering  
 Confederated Tribes of the  
 Umatilla Indian Reservation  
 P.O. Box 638  
 Pendleton, Oregon 97801

**RECEIVED**  
 MAR 13 2007

**EDMC**

Dear Mr. Harris:

**SAMPLING AND ANALYSIS PLAN (SAP) FOR SUPPLEMENTAL REMEDIAL  
 INVESTIGATION ACTIVITIES AT MODEL GROUP 5, LARGE AREA PONDS, WASTE  
 SITES, DOE/RL-2006-57, DRAFT A**

The purpose of this letter is to transmit the SAP for Supplemental Remedial Investigation Activities at Model Group 5, Large Area Ponds, Waste Sites, DOE/RL-2006-57, Draft A for your review and information. 0072351

The overall goals of this SAP are to collect supplemental data from the following eight waste sites: 216-A-25 Pond, 216-B-3 Pond, 216-S-16 Pond, 216-S-17 Pond (and associated UPR-200-W-124), 216-T-4B Pond, 216-U-10 Pond, and the 216-U-11 Ditch. The data collection activities are generally limited to gathering data at sites where the information has potential to impact final remedy selection (e.g., reduce institutional controls, impact barrier requirements, allow evaluation of partial excavation alternative).

The review is scheduled for completion by March 30, 2007. Please provide any comments on or before that date. If you have any questions, please contact me, or your staff may contact Briant Charboneau, of my staff, on (509) 373-6137.

Sincerely,

  
 Matthew S. McCormick, Assistant Manager  
 for the Central Plateau
